In the newspapers and circulars you will find the Ford car advertised. If you didn't know the difference, you would expect every car dealer to be a Ford dealer. Not so, the Ford car is similar to a good bond. Good bonds are for sale by most every Security Trust, they are willing to accept unquestionable quality just as other dealers are willing to accept Ford's quality. More than 50 per cent of cars advertised by other dealers are Ford cars. There must be some logical reason and the one most commonly known is they are easy to sell—easy to repair and lowest to operate.

NO BARGAINS

You rarely ever see a quality product go on sale. This is why you never see bargains advertised by Ford dealers. You can purchase a Ford car from an Authorized Dealer just as cheaply one time as another. The price and quality is always the same. You are never to regret an investment after seeing some particular Ford advertised so low, and the price you paid was higher.

Every banker knows how many farmers in his community has used the oats bin as his bank, because when the farmer finds his roll of greenbacks chewed to bits he goes to the bank for advice.

The farmer seldom says anything about it, because he doesn't want to be ridiculed, and the bank says nothing, because bankers do not talk about business of customers.

If you are using the oats bin as a receptacle for your money stop now. Deposit it in our bank.

MISS JAMES URGES FARMERS TO CONSIDER WATER SYSTEMS.

Could you farm without a mule or horse? Just suppose that you had to plant and cultivate your crop with a hoe, would you make a great deal of money? And would it be easy work? Why do you buy improved farming implements? It is necessary to have improved farm machinery in order that we may cultivate more land and make more money. We thereby enjoy living much more. But that is not all. The main reason is to make our work easier. But what have we done to make the work easier for the wife back home? We hire taxis at 15c per mile but the wife walks fifteen miles and carries a bucket of water to save 15c. More than that she must draw several buckets of water out of a deep well without additional pay. Men, you have a partner in your business, and her work is just as important as yours. She is 25 years behind you in improved machinery for her work. Is it fair? Suppose you begin by installing a water system to help her catch up with you in progress. A mule pays for itself by enabling you to do more better and easier work. So does a water system. It pays for itself in time saved you in watering your stock. Your wife in time saved in cooking and in washing the dishes, in doing the laundry and both of you in the protection of your children and yourself against disease. You can install a water system complete for \$400.00 including pumps, power, tank, kitchen sink, hot water tank, bath room equipment and Septic tank. Ask your County or home demonstration agent for Circular 80 and talk to them about your system.

ELBA IN MIDST OF GREATEST BUILDING BOOM IN HISTORY

COURT SQUARE HAS BEEN PAVED; COURT HOUSE BEING ENLARGED AND REMODELED; NEW BUSINESS HOUSES BEING BUILT AND MANY NEW RESIDENCES NOW UNDER CONSTRUCTION.

Elba is now in the midst of one of the greatest building booms that the town has experienced in many years. Building activities are noted in all sections of the town. New residences are being built, others are being remodeled and the old town is showing progress along all lines.

The paving of court square and a portion of Davis street is now completed, the last of the concrete having been poured on Tuesday afternoon. The construction crew is now at work cleaning up the pavement and the streets, and a portion of the pavement will be opened for traffic within the next few days. A part of the streets, however, will be closed for several days yet.

The work of remodeling and enlarging the courthouse is still in progress. The job will be completed within the next sixty days. The size of the building is practically doubled. When completed there will be ample space for all public offices, some of which are now located in other buildings. There are vaults for each department, sleeping quarters for the jury, and an enlarged courtroom. The building is much more beautiful than it was.

The old town well which is on the square is also being improved. Four large brick columns have been erected to support the concrete roof, and the structure will be very beautiful when completed. This is a deep well and the people of this town have been drinking water from this well for more than 25 years.

On the east side of the square there is now under construction two beautiful brick buildings, one being erected by Gus Devane and the other by J. J. Lindsey. Work is being rushed on these buildings and they will be complete within the next few weeks.

On Simmons street and three lots from the corner of the square is a building project being put on by Dr. May of Brantley. He is building two brick stories, and a larger double story building which will be used for a garage and a sale department for the Rainer Motor Company. Delivered, postage prepaid, by mail to Hon. P. B. Trawick, Chairman of the County Executive Committee of the Democratic Party of Coffee County, Alabama, for the office of Representative from Coffee County in the Legislature of Alabama.

It is further ordered by the Committee that a copy of the foregoing opinion and order be delivered, postage prepaid, by mail to Hon. P. B. Trawick, Chairman of the County Executive Committee of the Democratic Party of Coffee County, Alabama, for the office of Representative from Coffee County in the Legislature of Alabama.

The First National bank is adding another story to their building, also adding some to the length of the building. It is rumored that the law firm of Sanders and Brunson will occupy the entire space with their library and offices. The entire building will be steam heated, and will be very modern in arrangement.

The First National bank has recently had the entire inside of its office remodeled and improved, and is one of the best equipped banking institutions in Southeast Alabama. Mr. Lamar Fleming has the contract for this building.

It is rumored that C. E. Dorsey will erect a large two-story building sixty by one hundred feet on the east side of the public square on the lot now occupied by the offices of Sanders and Brunson. Mr. Dorsey has under construction at the present time a large storage warehouse adjoining east of the armory building.

The Pea River Fertilizer Company has recently completed a large addition to its plant, which is located in West Elba near the Coast Line railroad track. The new addition

"ELBA GIRL SCOUTS ORGANIZED"

The girls of Elba met Friday September 17, at the Elba High School, and organized a girl Scout Troop with Miss Alpha Jernigan as leader, the Patrols were formed and patrol leaders appointed.

There are four patrols with six to ten in each. The patrol leaders are: Patrol one; Eleanor Conner, Patrol two; Kathleen Talbot, Patrol three; Ethel Louise Mitchell and patrol four Louise Johnson. The following names were chosen for the Patrols: Wachula, Minnetonka, Fire-Flys and Onedie.

Another meeting will be held Wednesday afternoon. The girls are looking forward to a number of interesting meetings with picnics, hikes and parties.

CIVIC CLUB MEETING

The Civic Club met at the Methodist Church Friday afternoon, September 24, at its regular meeting. All club members are requested to make some article to sell. These articles will be displayed in one of the windows at Mr. Blocker's store and will be for sale at anytime.

All members who have not paid their dues are specially requested to do so by or at the next regular meeting on October 8th.

Mrs. and Mrs. Jno. Frank Davis, Mrs. John Davis and Mrs. W. M. Tucker spent Sunday with relatives in Montgomery.

Mrs. R. E. James and little son, Earl visited friends in Enterprise last week.

MR. DORSEY ATTENDS DEALERS MEETING IN ATLANTA

Mr. C. E. Dorsey has just returned from a meeting of Ford dealers at the Biltmore Hotel in Atlanta where advanced methods of service to owners, together with a discussion of new refinements and improvements now in production at the Atlanta Plant of the Ford Motor Company were the chief topics covered.

"With the Ford Company's daily production now at 7,500 cars, and the demand increasing daily," Mr. Dorsey stated, "every indication points toward an unusual volume of sales, and the chief concern of the Atlanta Plant is to build cars fast enough to supply the demand."

"The present Ford car is the best that has ever been built in the history of the Ford Motor Company," he declared, "and the constant improvements we are making in our facilities to render service to our owners here, together with the car's dependability and economy, prove a big factor in its increasing popularity."

Mr. and Mrs. Arthur Boutwell, Mr. Terry Kendrick, and little Olive Ray Kendrick visited Mrs. Terry Kendrick at St. Margaret's hospital Sunday.

Mrs. C. P. Hayes visited in Enterprise Tuesday.

Mrs. R. E. James and little son, Earl visited friends in Enterprise last week.

Equal opportunity for every white child in Alabama sounds true.

F. W. Burns, Extension livestock specialist, Auburn, Alabama, announces that a better judging contest will be staged at the Southeastern Fair in Atlanta this fall. Alabama creamerymen will send butter to be scored and judged in competition with creamery butter from other states.

Coffee County is entitled to \$300,000.00 from the \$25,000,000 road bond issue, besides Federal Funds to match. The Rogers Highway Commission will spend this if possible before Gov. Graves changes the personnel of the Commission.

RESOLUTION OF KINSTON LODGE NO. 809 A. F. & A. M.

Whereas Dr. J. L. Akins has been confined to the hospital for weeks, and deprived of being at home and enjoying the fellowship of his family and neighbors, and also deprived of attending the Lodge and enjoying the fellowship of the brethren and deprived of enjoying good health. Therefore be it resolved that Kinston Lodge regrets very much that he has been in this condition, and we pray for him a speedy recovery, our sympathies goes out for him and his family.

May God's richest blessings ever be with him and his family, and may God bless the means that are being used for his recovery, and that he will soon be at home again a well man.

CARD OF THANKS

We take this method of expressing to our friends our appreciation for the many expressions of kindness extended us while living in your midst, for these six years. Especially do we thank those who rendered us service in the many nice gifts to us during our misfortune in the loss of our house by fire, also to the good people of whom I have served as pastor, or other wise. As wife and I, and the girls leave good old Coffee County Ala., for Florida, we leave our hearts with you. Last but not least, we especially wish to thank Dr. Rowe, and Dr. Hays for their liberal courtesy to us through sickness, also the same to the merchants. May peace and Mercy be yours T. COTTON PRICES GO LOWER ON REPORT

Auburn, Ala., Sept. 28.—The drop of more than one cent a pound in the price of cotton on September 23rd when the monthly Government estimate was made increases the demand for cotton and cooperation among cotton growers, bankers and merchants in the opinion of officials of the Extension Service and Agricultural College at Auburn.

While this estimate showed an increase over the last in the prospective production it is pointed out that the drop in price is out of proportion and a further decline is probable unless the crop is marketed orderly by cooperation. The Alabama Farm Bureau Cotton Association is prepared to finance every bale produced in the State so that it can be placed on the market in an orderly way and bring the maximum price under present conditions.

Agricultural leaders at Auburn say that if bankers and merchants force sales in order to collect debts it is certain that a great many farmers will be unable to meet their obligations which will result in heavy debts hanging over them in the future.

Miss Sydney Rainer, visited relatives in Ozark last week.

Dr. Barson's Examination What Counts.

PENNY WISE AND POUND FOOLISH

The "Penny Wise" individual always runs purchasing cheap, inferior glasses. He is in reality "Pound Foolish." Inferior glasses injure the sight, and this incapacitates the individual, whether bank president or street sweeper. He whose eyes are defective has his earning power reduced. My glasses assure comfortable, normal earning power, at prices well within reason.

"This is the picture that I want to be remembered by!"
Says Charlie Chaplin of "The Gold Rush," the greatest comedy ever presented.

"THE GOLD RUSH" IS CHARLIE'S GREATEST

At last, the world's foremost comedian, Charlie Chaplin, has launched his greatest comedy, "The Gold Rush," on the sea of popular fancy. Announcement is made by Manager H. J. Spurlin of the Elba Theatre, that he has paid the record price for any photoplay ever shown in Elba and that the celebrated star's new United Artists Corporation release comes here next Friday and Saturday, October 1st and 2nd.

Used Fords

1 Out of 50 is the other

In the newspapers and circulars you will find the Ford car advertised.

If you didn't know the difference, you would expect every car dealer to be a Ford dealer. Not so, the Ford car is similar to a good bond. Good bonds are for sale by most every Security Trust, they are willing to accept unquestionable quality just as other dealers are willing to accept Ford's quality.

More than 50 per cent of cars advertised by other dealers are Ford cars. There must be some logical reason and the one most commonly known is they are easy to sell—easy to repair and lowest to operate.

NO BARGAINS

You rarely ever see a quality product go on sale. This is why you never see bargains advertised by Ford dealers. You can purchase a Ford car from an Authorized dealer just as cheaply one time as another. The price and quality is always the same. You are never to regret an investment after seeing some particular Ford advertised so low, and the price you paid was higher.

Every banker knows how many farmers in his community has used the oats bin as his bank, because when the farmer finds his roll of greenbacks chewed to bits he goes to the bank for advice.

The farmer seldom says anything about it, because he doesn't want to be ridiculed, and the bank says nothing, because bankers do not talk about business of customers.

If you are using the oats bin as a receptacle for your money stop now. Deposit it in our bank.
